With The Fund for Women and Girls, your investment goes further.

- **Over $3.5 million in grants** have been given to over 80 local nonprofit organizations in our community since 1997.
- **For over 15 years, girls from high schools throughout Chester County** have engaged with and helped fund local nonprofits, who face daily the issues of women and girls in our community, through our Girls Advisory Board’s leadership development and philanthropy program.
- **Last year, we launched GirlGov Chester County** which also helps high school girls to develop their leadership skills with hands-on experience learning how government works and empowered to use their voices to advocate for issues important to them.
- **Our Blueprint Report**, thoroughly researched and updated every 5 years, is a touchstone for nonprofits, government, and other community-based organizations to help focus their attention and resources to address the top issues challenging women in their efforts to become financially stable, healthy and safe.
- **Our community collaboration and education forums**, both in-person and virtual, raise awareness and promote engagement in helping women and girls rise.

Through the power of collective giving, we have been able to impact annually over 15,000 lives, **12,500 of who identify as female**.

With your help, we can do so much more, e.g.,

- Annual Support – Ranging from $10,000 to $1,000 (includes event sponsorships)
- Event Sponsor – Ranging from $5,000 to $500
